- **what is the disabled dollars count initiative?** this project connects the disability community and the like with new and smaller businesses and brands to demonstrate the power of the disabled dollar. disabled persons are often not considered in rooms, over looked as far as marketing is concerned and smaller businesses are often pushed out. - **what does TF?! mean?** this is our social trademark that indicates “trade for” trade for is our name and a way to indicate that we are a company vested in bartering with creatives of the disability community and their allies to create more content, pursue passion projects, curate jobs and promote gigs. When you see this, you see a growing community of committed individuals.
